### AlignStar - The Choice of Professionals

**\$3,000** Single-user  
(Call for multi-user license fees)

TTG's **Canada & Mexico Add-on** brings new functionality to our highly acclaimed **AlignStar** software. Now you can map, design and optimize territories throughout North America with all the functionality you have in the US.

With the **Canada & Mexico Add-on** installed you can view all of North America on the screen at one time. Pan and Zoom north into Canada and south into Mexico. You can turn individual countries on and off using the **Layers** tab controls or leave portions turned on using the controls in the **Hierarchy** tab. Map layers included in the bundle:

- Canadian Provinces
- Canadian City Points
- Canadian Highways
- Canadian 3-Digit Post Code boundaries or Forward Sortation Areas (FSAs)
- Canadian Census Divisions
- Canadian Census Subdivisions
- Canadian Census Consolidated Subdivisions
- Canadian Economic Regions
- Canadian Census Metro Areas
- Mexican Estados (States)
- Mexican Municipios
- Mexican City Points
- Mexican Highways
